

Learn at Home with PBS

At PBS, we know that the 2020-2021 school year may be different in many ways. Along with your local PBS station, we are here to support families and teachers with **free resources**, so that every child has access to learning opportunities – wherever they are.

Resources for Little Learners | PreK-Elementary

- **PBS KIDS 24/7 channel:** anytime access to educational series for kids 2-8 (check local listings)
- **PBS KIDS Video app:** on-demand educational videos for kids 2-8, including a live stream of the 24/7 channel, available on mobile, tablet and connected TV devices (no subscription needed)
- **PBS LearningMedia:** a free digital platform that offers thousands of contextualized learning materials aligned to state and national standards. This includes teacher resources and lesson planning kits that complement the PBS KIDS 24/7 channel schedule and additional educator tools for PreK-5th grade
- **PBS KIDS for Parents:** tips, resources, and an **Activity Finder**, as well as **tools for learning at home** and **explaining COVID-19 to young children**
- **PBS KIDS for Parents newsletter:** each week, parents receive an email with educational videos, games and related offline activities to encourage play and learning at home
- **PBS KIDS Games app:** nearly 200 educational games for kids 2-8 that can be downloaded for offline play anytime, anywhere
- **PBS KIDS YouTube channel:** educational videos featuring your favorite characters, **Read-Along videos**, a **Healthy Habits playlist** and more

Resources for Middle and High School | Grades 6-12

- **WORLD Channel:** science, social studies and English language arts curriculum-based shows curated by educators, airing 12-5 pm ET weekdays (check local listings)
- **PBS LearningMedia:** resources for classroom and at-home learning, as well as lesson planning kits that complement content from the WORLD Channel and more

Additional Resources for PreK-12 Educators

- **PBS LearningMedia:** “PreK-12 Resources for New School Routines” (coming soon), **resources to promote healthy habits and explain COVID-19 to students**, **tips for distance learning**, **a variety of tools in Spanish** and more
- **Weekly PBS LearningMedia newsletter:** standards-aligned educator resources that support learning anytime, anywhere
- **PBS Teachers’ Lounge blog:** resources to **help educators navigate conversations with young children about COVID-19**, to **support distance learning** and new school routines and more
